

Ageless Actives™

| CoQ10 | Vitamin D3 | Resveratrol |

Reveal a New You™

Ageless Actives uses advanced, scientific technology which may help to diminish the signs of ageing from the inside out.

What should I know about Ageless Actives?

- ▶ Ageless Actives can combat the effects of free radical damage, helping diminish “cellular ageing” on cell proteins, membranes and DNA. What we see as signs of ageing — wrinkles, loss of lean body mass, bone strength, memory loss and reduced physical capacity — is, in fact, “cellular ageing.”
- ▶ Restoring your youth begins from within; Ageless Actives works to protect your body at the cellular level using the latest bioactive ingredients to help slow the progressive loss of physiological reserves and functions.
- ▶ Ageless Actives combines CoQ10 and Vitamin D3, as well as Resveratrol to help support the body to rebuild and restore its vital systems, support energy production and protect cells from oxidative stress.
- ▶ Primarily formulated for daily use by adults (18 years and older).

How can I benefit from using Ageless Actives?

- ▶ Contains 1,000IU per recommended daily dose of Vitamin D3 to enhance the body’s absorption of Calcium and maintain a healthy cardiovascular system.
- ▶ Ageless Actives uses 250mg of Resveratrol per recommended daily dose, which is the equivalent to more than 160 glasses of red wine, as well as red grape and pomegranate extracts to help protect cells from free radicals.
- ▶ Ageless Actives contains adaptogens including, wolfberry, ashwagandha and turmeric to help balance the body’s systems.

IMMUNE SUPPORT

REPLENISHING

HEART HEALTHY

ISAGENIX®

How does Ageless Actives™ compare to the competition?

Each Capsule Contains:

Active Ingredients:	
Cholecalciferol (Vit D3)	6.25 mcg (250 IU)
Ubidecarenone (Co-Enzyme Q10)	25 mg
<i>Linum usitatissimum</i> (Flaxseed) seed powder	15 mg
Herbal extracts equivalent to:	
<i>Polygonum cuspidatum</i> dry root	10 g
Equivalent to 62.5 mg Resveratrol	
<i>Punica granatum</i> (Pomegranate) fresh fruit	25 mg
<i>Withania somnifera</i> (Ashwagandha) dry root	5 mg
<i>Lycium chinense</i> (Wolfberry) fresh fruit	5 mg
<i>Curcuma longa</i> (Turmeric) dry root	5 mg
<i>Vitis vinifera</i> (Red Grape) fresh fruit	68.75 g

Per recommended daily dose there's no other product on the market that contains the active amounts of CoQ10, Vitamin D3 and Resveratrol along with a blend of adaptogens, botanicals and antioxidants.

Ageless Actives Frequently Asked Questions

WHY DO I NEED AGELESS ACTIVES?

Our bodies are designed to produce several key nutrients, including CoQ10, that help rebuild and restore our body's vital systems. However, over time, we begin to lose our ability to fully synthesise them.

While growing old is simply a part of life — or, from a scientific perspective, a consequence of the biochemical processes that take place inside our bodies — you can now support your key systems with CoQ10 and Vitamin D3, as well as Resveratrol.

HOW CAN VITAMIN D SUPPORT AGAINST AGEING?

Vitamin D deficiency is one of the most overlooked conditions in the world today. As we get older, our ability to synthesise Vitamin D from natural sources, such as sunlight, declines. Furthermore, being overweight and staying indoors can leave many of us with low levels of circulating Vitamin D3. Ageless Actives contains 1,000IU per recommended daily dose of Vitamin D3 in the active form needed to elevate blood levels. This clinically effective dose supports bone health, immune health and cardiovascular health.

WILL I FEEL A DIFFERENCE ONCE I START TAKING AGELESS ACTIVES?

Everyone's experience with Ageless Actives will vary, but you may notice increased energy levels and feelings of well being in just a matter of weeks.

HOW CAN RED GRAPE POLYPHENOLS, SUCH AS RESVERATROL SUPPORT AGAINST AGEING?

Fueled by the "French Paradox," early studies suggest red wine was partly responsible for the observation that the French had superior cardiovascular health. One bioactive polyphenol of scientific interest is Resveratrol, which is found in red grape skins. Ageless Actives features 250mg per serving of Resveratrol, which is the most bioavailable form, along with exGrape™ TOTAL red grape polyphenols, which supports cardiovascular fitness.

Warning: Vitamin supplements should not replace a balanced diet. Do not take while on warfarin therapy without medical advice. Always read the label. Use only as directed.
