How do IsaLean™ Bars compare to the competition?

IsaLean™ Bar
Natural Oatmeal
Raisin

VS

PowerBar®
Performance
Bar

60g serving contains:

Carbs: 28g
Protein: 18g
Sugar: 7g

65g serving contains:

Carbs: 42g
Protein: 9g
Sugar: 22g

When compared with other similar bars, IsaLean Bars contain more protein, less carbohydrates and sugar, making them healthy and well-balanced.

IsaLean Bars are performance bars that contain only the highest quality ingredients including hormone and antibiotic-free whey protein.

IsaLean Bars Frequently Asked Questions

WHY ARE ISALEAN BARS SO IMPORTANT FOR THE BODY?

IsaLean Bars provide balanced nutrients to maximise nutrition while minimising calorie intake to support your weight management goals. IsaLean Bars contain superior nutrition compared to other bars on the market.

IF I AM SUGAR AND CARBOHYDRATE CONSCIOUS, SHOULD I CONSUME ISALEAN BARS?

Yes, IsaLean Bars have a balanced ratio of quality protein, carbohydrates and fats that work in synergy to slow the absorption of sugar. Also, the carbohydrate and sugar count is relatively low when compared to other meal options.

HOW DO ADAPTOGENS AFFECT THE EXPERIENCE OF THE CHOCOLATE DECADENCE ISALEAN BARS?

The adaptogenic botanicals provide additional antioxidant support and also support the body under stress.

WHAT MAKES AN ISALEAN BAR SO IMPORTANT?

IsaLean Bars provide balanced nutrients to maximise nutrition while minimising calorie intake — key for weight management as well as superior nutrition compared to other meal replacement bars.

WHY IS IT IMPORTANT TO CHOOSE A BAR THAT IS HIGH IN PROTEIN LIKE ISALEAN BARS?

More and more studies are revealing how important protein is on satiety. Evidence is also emerging regarding the role that branched-chain amino acids play in stimulating protein synthesis, fueling muscle maintenance and growth. The high-quality protein in IsaLean Bars help support your weight goals by curbing hunger and keeping you satisfied longer. It helps to support muscle growth and maintain muscle as you age.
